TESTIMONIALS.

From the Rev. ROBERT BUCHANAN, of the Tron Church.

Mr. Hugh Miller, Surgeon, has been a member of my Congregation for nearly five years. On joining it he produced a highly satisfactory Certificate of christian character and conduct from the Minister with whose Congregation he was previously connected. Since that time he has taught with great kindness and assiduity one of my Parish Sabbath Schools; and has uniformly conducted himself as became his christian profession. He is now a Candidate for the situation of Surgeon to the Town's Hospital, which, I understand, will be vacant in August next. It does not, of course, become me to offer any opinion as to his strictly professional qualifications for the office in question, but I can have no doubt, from the Medical Certificates in his favour which I have seen, and from the experience he must have had, both in his general practice, and in the office he now holds as a District Surgeon, that he is well fitted for its duties. And, on the ground of my own personal knowledge, I can safely testify that he possesses that general intelligence and activity, those obliging dispositions and christian principles, which will both incline and enable him to be faithful and efficient in the important situation after which he aspires.

ROBERT BUCHANAN,
Minister of the Tron Parish.

From the Rev. THOS. BROWN, D. D., Minister of St. John's Church.

17th May, 1836.

Although Mr. Hugh Miller is not a member of my Con-

gregation, yet, from visiting his mother's family, and a brother, when in deep distress, I had an opportunity of becoming well acquainted with him, and have every reason to believe him to be a young man of sound religious principles, and exemplary moral conduct. He is now applying for the situation of District Surgeon in the City, now vacant; and though I am not capable of judging of his professional qualifications, yet I have seen several of his Certificates from Gentlemen who are capable of appreciating his talents, and which are most satisfactory. From all I know or have seen of Mr. Miller, I should consider him, from character and attainments, well qualified for filling the situation for which he is a Candidate, and should sincerely rejoice in his success.

THOS. BROWN, Minister.
